St. Louis de Montfort Mission Statement
We are called to be and to become a loving family centered in Jesus.
We acknowledge and accept that each of us is unique and
has special gifts from the Holy Spirit.
We wish to nurture, develop and share these gifts within and
for the Body of Christ.
Having been called by Baptism into that Body,
We celebrate our relationship in Word, Sacrament and Family Celebration.
We are then sent to call others to Christ
through who we are and what we do.
We recognize Christ’s call to be one in Him and commit ourselves to his way of life.

Did you know?
Always keep an up-to-date photo of your child
One of the most important tools for law enforcement to use in the case of a missing child is an up-to-date, good-quality photograph. The photograph should be a recent, head-and-shoulders color photograph of the child in which the face is clearly seen. It should be of “school-portrait” quality, and the background should be plain or solid so it does not distract from the subject. When possible, the photograph should be in a digitized form, and available on a compact disk (CD), as opposed to just a hard copy. This minimizes the time necessary to scan, resize, and make color corrects before disseminating it to law enforcement. The photograph should be updated at least every six months for children 6 years of age or younger and then once a year, or when a child's appearance changes.

¿Sabía usted?
Siempre tenga una fotografía actualizada de sus hijos
Una fotografía actualizada y en buenas condiciones es una de las herramientas más importantes que las autoridades pueden utilizar en el caso de un niño perdido. La fotografía del niño debe ser reciente, de cabeza a hombros, la cara bien visible y a color. Debe tener la calidad de un “retrato escolar”, y el fondo debe ser claro o de color oscuro para que no distraiga del sujeto. Si es posible, la fotografía debería estar disponible no solamente en papel, sino también en formato digital y en un disco compacto (CD). Esto disminuirá considerablemente el tiempo necesario para cambiar el tamaño, copiar y corregir el color de la fotografía antes de entregarla a las autoridades. La fotografía debe ser actualizada por lo menos cada seis meses para los niños menores de 6 años, y después una vez al año o cada vez que los niños cambian de aspecto.
