**St. Louis de Montfort Mission Statement**

We are called to be and to become a loving family centered in Jesus.  
We acknowledge and accept that each of us is unique and has special gifts from the Holy Spirit.  
We wish to nurture, develop and share these gifts within and for the Body of Christ.  
Having been called by Baptism into that Body,  
We celebrate our relationship in Word, Sacrament and Family Celebration.  
We are then sent to call others to Christ through who we are and what we do.  
We recognize Christ's call to be one in Him and commit ourselves to his way of life.

**SPECIAL THANKS**

On our family's behalf, we would like to express our heartfelt thanks to all of the concerned parishioners, priests, deacons and Sisters. We were and continue to be humbled by all of the prayers, Mass cards, get-well cards, phone calls and visits before and after my surgery. Words can't express what this meant to our family. We would like to say a special thank you to Sister Regine for her helpful support and to Sister Catherine for all the hours she spent with Pauline while I was in surgery. We are blessed to belong to such a wonderful spiritual group.

Thank you from the Ed Collins Family

The Archdiocese is recommending to all parishes a call to action sponsored by the **UNITED STATES CONFERENCE OF CATHOLIC BISHOPS**. Please send your checks to help the victims to:

**ELECTRICITY**

Most of California is undergoing a change in how electricity is charged based on the kilowatt hours. PG&E have sent their customers a pamphlet, "See your power in detail." This provides some clues as to how we will be using electricity in the future. And this will have an impact on our parishioners, but it will also have a big impact on us. We have one meter that covers the entire property: school/church/rectory/hall/PCC. The school and parish each pay half of the bill.

We are already seeing an increase in our billing due to the Parish Community Center. On average our monthly electric bill has been about \$2800. This is going to go up because we use electricity all day, and into the evening. We are only just learning about the rates and how they could impact on us. We do want to start experimenting with our light bill and see how the proposal to change our use of lights in the church will differ. As of Dec. 1<sup>st</sup> we will be focusing on the use of lights in the church at the morning Masses by turning on only a section of lights, and not the entire church. On average the 6:30 Mass has 40-45 people, and the 8:00 Mass has about 60. With 40-60 worshipping, we only need the front lights. Having spoken with our PPC and PFC, **as of Dec.1 we will light only the front section of the Church, and exclude the middle to the back and the transepts.** During the coming year we will be investigating the feasibility and cost of changing the lights to the LED lights in the Church. We will also check on the use of the lights in the Rectory, Hall, and PCC and I would imagine we will also evaluate the school but will need to work with the school and their parent advisory board. We have also asked our staff to monitor closely their office lights, and we are going to ask people who use the hall and PCC to be conscientious and not turn on all the lights in a room if they are not needed. Thank you for your understanding, Fr. Charles

**DID YOU KNOW Avoid breastfeeding**

**in bed, say experts** Experts recommend to avoid breastfeeding in bed when the mother has not had enough sleep, or in any situation where there are high probabilities they may fall asleep while breastfeeding. The mother should never take prescription medications (unless under the care of a physician), drugs, or alcohol that might make her drowsy or impair her judgment when breastfeeding, and she should always put the baby back in his or her own crib or bassinet before she falls asleep. The baby should always sleep on his or her back for naps and at night. To learn more about SIDS/Safe Infant Sleep Practices, please visit <http://publichealth.lacounty.gov/mch/sids/sids.htm>
