St. Louis de Montfort Mission Statement
We are called to be and to become a loving family centered in Jesus.
We acknowledge and accept that each of us is unique and has special gifts from the Holy Spirit.
We wish to nurture, develop and share these gifts within and for the Body of Christ.
Having been called by Baptism into that Body,
We celebrate our relationship in Word, Sacrament and Family Celebration.
We are then sent to call others to Christ through who we are and what we do.
We recognize Christ’s call to be one in Him and commit ourselves to his way of life.

HIJO DE DIOS
La Oficina de Nueva Evangelización de la Arquidiócesis de Los Ángeles recomienda a los fieles de la Arquidiócesis ver la próxima película HIJO DE DIOS, la única que en los últimos 50 años da vida a la historia de Jesús desde su nacimiento a su resurrección. Esta película puede servir como una herramienta de evangelización para ayudarnos a compartir el mensaje del Evangelio que todos somos hijos e hijas de Dios a través de Cristo nuestro Señor. Aprovechemos esta oportunidad para ayudar a otros a entrar en una relación más profunda con Jesús y llevar a Cristo más cerca de nuestros propios corazones en esta temporada de Cuaresma.
Para más información sobre la película HIJO DE DIOS y cómo apoyar esta película, visitar http://seesonofgod.com. 27 de febrero.
DID YOU KNOW! A good photo could save a child’s life  One of the most important tools for law enforcement to use in the case of a missing child is an updated (every six months), good school-portrait quality, head-and-shoulders color photograph of the child in which the face is clearly seen. The background should be plain or solid so it does not distract from the subject. When possible, the photograph should be in a digitized form, and available on a compact disk (CD), as opposed to just a hard copy. This minimizes the time necessary to scan, resize, and make color corrects before disseminating it to law enforcement. The photograph should have space for accurate, narrative description useful to identify the child such as name, nickname, height, weight, sex, age, eye color, identifying marks, glasses, and braces. For more information, call Victims Assistance Ministry: (213) 637-7650.

¿SABIA USTED? Una buena fotografía puede salvar la vida de un niño  Una de las herramientas más importantes que las autoridades pueden utilizar en el caso de un niño perdido es una fotografía reciente (de al menos seis meses anteriores) del tipo de retrato escolar a color, que lo muestre de hombros a la cabeza con el rostro completamente visible. El fondo debe ser claro o de color oscuro para que no distraiga del sujeto. Si es posible, la fotografía debería estar disponible no solamente en papel, sino también en forma digital y en un disco compacto (CD). Esto disminuirá considerablemente el tiempo necesario para cambiar el tamaño, copiar, y corregir el color de la fotografía antes de entregarla a las autoridades. La fotografía debe tener espacio para anotar una descripción exacta y útil para identificar al niño, tal como el nombre, apodo, estatura, peso, genero (femenino o masculino), edad, color de ojos, marcas identificadoras, anteojos y frenos dentales. Para más información llamar al Ministerio de Ayuda a Víctimas, (213) 637-7650.
