St. Louis de Montfort Mission Statement
We are called to be and to become a loving family centered in Jesus. 
We acknowledge and accept that each of us is unique and has special gifts from the Holy Spirit. 
We wish to nurture, develop and share these gifts within and for the Body of Christ. 
Having been called by Baptism into that Body, 
We celebrate our relationship in Word, Sacrament and Family Celebration. 
We are then sent to call others to Christ through who we are and what we do. 
We recognize Christ’s call to be one in Him and commit ourselves to his way of life.

DID YOU KNOW? A healthy scrutiny of programs for kids helps create a healthy environment

It is not a best practice for a parent, guardian, employer, or manager to blindly trust everyone who works with children. Yet, paranoia of those who work with children is also not a best practice. There is a healthy balance. By regularly and frequently questioning the actions and motives of those who work with children, parents and other adults can audit the programs their children participate in and help keep caregivers accountable for their work. In this process, parents and other adults can create a constant fear of being caught in the mind of a perpetrator. By channeling this kind of healthy scrutiny and suspicion into accountability, adults can create an environment where children are protected, quality care is emulated, and abuse is not tolerated. For a copy of the VIR-TUS® article, “An ounce of healthy suspicion is worth a pound of prevention,” email: jvienna@la-archdiocese.org.

SABIA USTED? Escrutinio de los programas de niños ayudaría a crear ambientes saludables

No es la mejor práctica para padres, guardianes, empleadores o gerentes el confiar ciegamente en todos los que trabajan con niños. Sin embargo, la paranoia con quienes trabajan con niños tampoco es la mejor práctica. Existe un balance saludable. El cuestionar regular y frecuentemente las acciones y motivaciones de quienes trabajan con niños, padres y otros adultos, puede servir de auditoría de los programas en los que sus niños participan y ayudar a mantener a los guardianes responsables del trabajo que hacen. En este proceso, los padres y otros adultos pueden crear un temor constante de ser sorprendidos con la mente de un perpetrador. Al canalizar este tipo de escrutinio saludable y asumir responsabilidad, los adultos pueden crear un ambiente donde los niños sean protegidos, donde exista calidad en el cuidado y donde el abuso no sea tolerado. Para una copia del artículo de VIRTUS®, “Una onza de sospecha saludable vale una libra de prevención” (An ounce of healthy suspicion is worth a pound of prevention), escriba a jvienna@la-archdiocese.org.
